About two o'clock Sunday afternoon he complained to a friend of not feeling well, and continued to grow worse until death came next morning.

While working on J. W. Mellett's sawmill on the Meadow-ground mountain on the last day of January, Frank Deshong, of Ayr township, had one of his fingers badly cut by adog flying loose. Fortunately his employer had taken out a policy in the Aetna Liability and Accident Insurance Company and Frank will be the first in the county to get pay under the new Labor Compensation Act.

After having spent four months very pleasantly among her Pennsylvania relatives and other friends, Mrs. Elizabeth Sharpe is back in her home at 2534 Wabash Ave., Kansas City, Mo. Jackson, in McConnellsburg regarding matters to be presented to the March term of court in the final settlement of the estate of the late Mahlon Barton, deceased, of Brush Creek township. M. M. Peter Deardorff and Oliver Sharrah's wife—both living in Adams county—were too intimate to suit Oliver, and one night last October when Deardorff went to the Sharrah home, refused to leave unless Mrs. Sharrah would accompany him, stayed around and attempted to break into their room after Mr. and Mrs. Sharrah had gone to bed, he was shot and killed by Mr. Sharrah. After occupying the time of the Court in Gettysburg for a week, the case went to the jury, and on the third ballot, agreed that Oliver should go free.

A WORD FOR MOTHERS

It is a grave mistake for mothers to neglect their aches and pains and suffer in silence—this only leads to chronic sickness and often shortens life. If your work is tiring; if your nerves are excitable; if you feel languid, weary or depressed, you should know that Scott's Emulsion overcomes just such conditions. It possesses in concentrated form the very elements to invigorate the blood, strengthen the tissues, nourish the nerves and build strength. Scott's is strengthening thousands of mothers—and will help you. No alcohol. Scott & Bowne, Bloomfield, N. J.

Pastors to Be Farmers.

It is reported that a certain school of theology requires the embryo preachers to take thorough course in agriculture as one of the requisites for graduation. Why not? A majority of the graduates will find their way to country congregations where the members are nearly all engaged in farming, and, we ask, what better training could the young pastor have than that which would at once open the way for the most cordial relationship with his people? What other influence could he exert that would be so useful as that of being able to help them in scientific farm operations? It would at once make him "one of them." His trained mind could solve mysteries that men go long ways to hear discussed at occasional lectures. It would greatly help the cause of religion if pastor and people could be united in a grand way like that. Success to the movement.

February Sale February Sale

SIERER'S Furniture Store

Chambersburg, Pa.

We want to interest our McConnellsburg Patrons in our

ANNUAL FEBRUARY FURNITURE SALE

During this month we offer unusual inducements in every department of our store.

This sale occurs but once in every twelve months; it is not an accidental happening, but a well planned sale that we conduct to weed out our discontinued patterns, odd pieces and small assortments.

We have been told repeatedly that Furniture can be bought here for less money than elsewhere. Why we can sell cheaper, is no secret;

FOR, 63 YEARS,

We have been conducting a Furniture Store at the same location, have studied the business, and have built up a good trade by selling dependable furniture.

We own the building, which, with our location and expense-saving, makes our cost of doing business, less than stores more centrally located—hence, our ability to sell cheaper.

On Tuesday the February Sale price tag went on all reduced pieces, and the Sale will continue during the entire month.
